

# ObamaCare is Bad Medicine...

- ✓ Raises taxes on working families by more than \$500 billion.
- ✓ Creates a new trillion-dollar entitlement that we can't afford.
- ✓ Destroys the sacred doctor-patient relationship by putting government in the middle of health care decisions.

**Yet, Representative Connie Doepke refused to help fight it.**

# Minnesotans are united in their opposition to ObamaCare

In the height of the Supreme Court battle over ObamaCare, **more than 50 State Representatives signed on to a brief in opposition to ObamaCare.**

**Unfortunately, Rep. Connie Doepke refused to participate.**

**How can we trust Connie Doepke to represent our interests?**

**Call Representative Doepke** and tell her to stand up for Minnesota families and small businesses, and against ObamaCare.
